## WELCOME FROM THE PRESIDENT

Under the auspices of

**Dear Colleague,**

it's my great pleasure to invite you to participate in the proceedings of **7<sup>th</sup> Italian Conference on Thoracic Oncology (CIOT)** that, in its annual recurrence, takes place in Naples from June 20<sup>th</sup> to June 22<sup>nd</sup> 2019 organized by AIOT (Italian Association of Thoracic Oncology) and that I've the responsibility to chair.

I would like to call your attention to at least three interesting aspects of Milan's Conference that make the appointment very peculiar and that I identify in its International form, in the location and in its goals.

### **International form**

The 70% of Faculty is composed of foreign speakers, everybody playing an active part in clinical research in Thoracic Oncology and KOL in their respective countries. We expect significant foreign delegations. The official language of the Conference will be English.

### **Location**

Located in a wonderful position, in the heart of Naples, the conference venue offers to the city a meeting point of extraordinary importance. Its natural elegance and flexibility make it the ideal location for congresses, meetings and events of any kind. The location is in the heart of history and Naples key attractions.

### **Goals**

Setted immediately after ASCO, the Conference gives an update on the data coming from Clinical Research in Thoracic Oncology directly from the voice of its Authors more representative in an appointment that we would like to be lasting inside of the international track.

For these reasons I'm trusting that you should appreciate the effort of the organizing secretariat to realize this scientific meeting doing credit to us with your attendance in Naples.

Arrivederci

President of 7<sup>th</sup> CIOT

**Fortunato Ciardiello**

The “Debate” sessions are about controversial topics in thoracic oncology; the “Face to Face” sessions instead go on vexed questions and they deal with two speakers and to add requests from some “shooters” put in charge in order to stimulate the audience for a lively discussion.

### WEBSITE

Virtual Meeting of the Conference will be available after the end of the Meeting on AIOT official website [www.oncologiatoracica.it](http://www.oncologiatoracica.it).

### ITALIAN MINISTRY OF HEALTH - CME CREDITS

The accreditation has been asked for entirely meeting. To obtain Italian credits the delegates must attend in the 90% percentage of the time sessions. An electronic device is arranged.

At the moment of registration each participant will receive the evaluation forms and learning questionnaire of the scientific sessions. These forms and questionnaire must be filled in and return to the “CME credits” desk. Electronic tags are used to record the CME credits.

The electronic readers are placed just outside the “Auditorium”. It is sufficient to pass through the electronic device to have the credits recorded.

To obtain credits, Italian participants have to:

- record both the entrance and the exit of each Meeting day
- return the electronic tag to the Organizing Secretariat at the end of the Conference
- return the evaluation forms and questionnaire duly filled into the “CME credits” desk. The anagraphical data must compulsorily be indicated since required by the Italian Ministry of Health
